Product Description

Incorporates a combination of motorized hand wheel movement and high precision motorized specimen feed, for high throughput histology labs. Powerful sectioning motor enable us to cut even the hard specimen easily. The smartly located feature keypad enables us to control the operation easily. Apart from other safety feature it also has an emergency stop button.

Salient Features ● LCD Display to indicate section ● Alarm to indicate start/end of travel ● Motorized forward and backward at ● Adjustable specimen retraction ● Finger protection guard ● Section
